

CARD CATALOG 2026

FRPTHAILAND.ORG

Introduction

Freedom Restoration Project's (FRP) mission is to eliminate gender-based violence and empower women in the migrant communities of Thailand.

FRP provides several programs including:

SHELTER: Long-term and short-term residential housing for women & children.

COUNSELING: Peer support groups and one-on-one counseling.

EDUCATION: Workshops on parenting, violence elimination, & women's empowerment.

About the Cards & the Women that make them

- Every card is handmade by a woman living in FRP's shelter. To read her story, scan the QR code on the back of each card.

- Each handmade card spreads joy twice - once to your loved one and once to the woman who made it - by helping her gain financial independence
- All proceeds directly benefit and financially empower the women and children living at the shelter.
